SHEV RWA CONTROL UNITS

FOR SMOKE AND HEAT EVACUATION SYSTEMS

SHEV control units are designed to be used in RWA systems for smoke and heat extraction.

SHEV control units are installed together with Varia Tube RWA 24 V DC chain actuators, in integrated systems that allow the windows in a building to be opened automatically and safely in the event of a fire. These systems are essential for the safety of the building's occupants, because they allow smoke and heat to escape, protecting people from intoxication and facilitating their evacuation from the building.

The same openings controlled by RWA systems can be used for natural and everyday room ventilation.

SHEV RWA CONTROL UNITS

	SHEV 3	SHEV 6
Code	07823	07824
Power supply voltage	230 V AC	230 V AC
Output voltage	24 V DC	24 V DC
Max. load current	3 A	6 A
Max. number of connectable Varia Tube 24 V DC actuators	3	6
Housing	technopolymer	technopolymer
Back-up battery	included	included

Complementary products for RWA systems

Code	Description
07825	Optical smoke detector RM 3000 SHEV
07826	Heat detector TH 4860 SHEV
07827	Smoke detector RM 2860 SHEV
07828	Emergency switch with status led HE 082 SHEV
07829	Additional emergency switch HE 081 SHEV
07839	Ventilation button DT/UP SHEV
07840	Wind-rain detector WTS-892 SHEV
07841	Emergency switch with status led + buzzer HE 080 SHEV
07842	Room thermostat TH 0-30°S SHEV
07846	Additional module for thermostat THM-200 SHEV
07847	Flash light BI 24 SHEV
07848	Multiple-sound siren Item S 24 SHEV
07849	Rain detector WS-890 SHEV

Varia Tube RWA chain actuators

Code	Description
07804	Varia Tube RWA 24 V - stroke 300
07805	Varia Tube RWA 24 V - stroke 600
07806	Varia Tube RWA 24 V - stroke 800
07807	Varia Tube RWA 24 V - stroke 1000
07815	Varia Tube RWA Syncro 24 V - stroke 300
07816	Varia Tube RWA Syncro 24 V - stroke 600
07817	Varia Tube RWA Syncro 24 V - stroke 800
07818	Varia Tube RWA Syncro 24 V - stroke 1000

All the products in the SHEV family bear the CE marking, which authorizes their sale in the European Union. The CE marking makes SHEV products compliant with European standards for electrical products. Outside the European Union, please pay attention to the certifications/markings required by local legislation.
