PVD SATIN GUN METAL

THE NEW LOOK OF
STAINLESS STEEL

PVD SATIN GUN METAL

MAXIMUM RESISTANCE IN CONTEMPORARY STYLE

A trendy "Dark tone" finish with a satin effect that reflects current trends in modern living style. The new PVD Gun Metal Satin finish is reminiscent of the anthracite that since its discover has inspired technological advances and transportation developments.

The main feature of this finish on stainless steel material is the excellent corrosion resistance. PVD Gun Metal Satin on stainless steel material has obtained the **GRADE 5**, maximum degree of resistance to salt spray corrosion test according to **UNI-EN1670** standard.
