

CHIC 100 SASH

CHIC 100 SASH

Functions

CHIC Sash is a mechanism used for manufacturing a modern and minimalist interior side-hung casement thanks to the possibility of combining CHIC hinges with 180° opening with the innovative SUPRA 7 window handle without rosette.

Technical Features

CHIC 100 Sash hardware is offered with concealed hinges used to make sashes up to a minimum width of 160 mm:

- 0° mechanism - closed sash
- 90° mechanism - open sash

Making a CHIC 100 Sash requires:

- CHIC 100 sash hinges
- SUPRA 7 or Cremone window handles and Giesse window handles
- Fastening mechanisms (terminals and strikers)

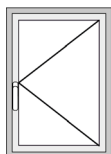

Sash minimum and maximum dimensions:

Width: 160 – 1500 mm

Height: 600 – 2500 mm.

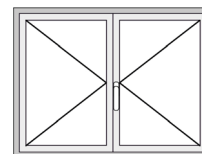

CONFIGURATION EXAMPLES

Single CHIC 100 Sash configuration with standard profiles (two-way)

Article	Qty	Item code
Supra 7 window handle	1 pc.	04153 - 04154 - 04155 - 04156
Two-way movement	1 pc.	0102001
Giap/Adjustable terminal	2 pcs.	02114K - 02188K
Single striker	2 pcs.	01348K
Raising component	1 pc.	02336
CHIC - Sash hinge set	1 pc.	0435411 - 0435421

Double CHIC 100 sash configuration with standard profiles (two-way)

Article	Qty	Item code
Supra 7 window handle	1 pc.	04153 - 04154 - 04155 - 04156
